DREAMER, ARTIST,
& A LOVER OF LOVE!

Choosing a wedding photographer is so difficult now. There are so many styles and options, where do you start? I believe it is most important to find someone whose work you LOVE. It is also just as important you find someone who will bring out the best of who you are in your photos! Afterall - Your wedding day is meant to be an amazing celebration and these are the memories that will be evidence of that.

I have been shooting weddings for 10 years now and I love everything about them! Whether its capturing the beautiful little details or the end of the evening dance floor moves, no wedding is ever the same.

I'm known for gorgeous wedding portraits but also capturing those beautiful candid moments. I want everyone to feel the romance through my photographs that should be felt on a wedding day.

I will be there every step of the way, calming your nerves, holding your lipstick, helping you into your dress. making you laugh, I do it all!

SKIN RETOUCH

When it comes to wedding photos, every bride wants to look their best.

Skin editing is a popular technique used by us as photographers to enhance the appearance of skin in photographs. It involves removing blemishes, evening out skin tone, and smoothing out imperfections to create a flawless look.

By choosing skin editing for their wedding photos, brides can ensure that their skin looks radiant and beautiful in every shot. This will not only make them feel more confident and comfortable in their own skin, but it will also result in photos that they will treasure for a lifetime. Although there is an additional cost associated with skin editing, it can be well worth the investment to achieve picture-perfect wedding photos.

FAQ

HOW FAR DO YOU TRAVEL?

I will travel anywhere in the world! I love all weddings, whether it be UK or destination. For destination weddings I will create a bespoke price depending on location and travel. I generally shoot most abroad weddings by myself but I can also include extra photographers for larger weddings.

IS IT WORTH HAVING A SECOND PHOTOGRAPHER?

Absolutely! My second photographer works with me on a lot of weddings and knows my style well. He will be there to capture your guests laughing and interacting and all of the little details whilst I am more focused on the main parts of the day.

HOW MUCH DO YOU EDIT YOUR PHOTOS?

Great question! I'd say 70% of the way my photos look comes down to the way I edit my photos. Each photo receives basic color correction, cropping, adjustment for lighting etc, as well as a custom filter to give it the vibe you see in my portfolio. My skin retouch is very subtle so no one would ever know, apart from you!

DO I HAVE TO GET MY ALBUMS & PRINTS FROM YOUR STUDIO?

A lot of studios do the watermark thing or force you to print albums through them – I am a not big fan of that route. I do offer extra albums and prints through me, but the way we see it, you've invested a lot for your photos, so you should have the freedom to do what you want with them for personal use.

I'M READY TO BOOK! WHAT NEXT?!

AMAZING! I can't WAIT to get to know you and I'm so thrilled you've chosen me. To book I require a signed contract and £300 deposit. Dates cannot be secured until these have been received. Contact me today and I'll send you all the info.

Lets do this!

to hear from you!*
